Each grades and classrooms will have different events and parties but we try to keep them all similar so all the kids have similar experiences. If you are a room parent make sure to delegate different things so all the parents that want to help can. Dr. Butler encourages you to get involved and help out, it's a great time of your to be involved with your child's class.

Spirit stick order forms went out this past Friday but may also be in this Fridays folder. 2 new spirit sticks were added to the previous order form. Spirit store is a huge hit with the kids. We do not sell spirit sticks at the student store because they come from different funds and right now we don't want to confuse the funds. The teachers hand out "Caught You Being Good" coins. We first had the coins valued at .50 cents each but we ended up collecting more coins than money so we have to change the worth of the coins to .25 cents.
